

WINE SAVER PRO® INVENTORS DID IT FOR THE WINE

STEVE DIDONATO

Steve was a restaurateur for 16 years, operating, until recently, an upscale Italian restaurant near Allentown, Pennsylvania for the past 10 years. The restaurant featured a vibrant collection of Italian and international wines, including over 25 served by the glass, as well as a popular and dynamic wine education series. Steve is a longtime advocate for independent restaurant owners, serving on the Greater Lehigh Valley Chamber of Commerce, Southern Lehigh Business Organization and the Pennsylvania Restaurant Association.

Steve's first experience in wine preservation was with a Nitrogen-based system supplied by a wine vendor. "We had sold a lot of wine, but we were preserving it with a one bottle system. It was inefficient, at best. I thought it could be done better, and through research found that Argon is a far more credible preservative," says Steve, who utilizes Wine Saver PRO with success in his business and his home. "It's been a dream for me, and I'm convinced will be for any restaurant owner or wine enthusiast. Since using Wine Saver PRO, our wine waste is zero," he says. Steve previously worked in marketing and customer service with Macy's and Nordstrom's.

TIM FALLON

An entrepreneur and lover of fine wine, Tim Fallon holds a Bachelor's and Master's degree from the Johns Hopkins University. Tim is a partner in both Wine Saver PRO and Chateau Haut-Musiel, a winery located on the Rhône River in the south of France.

Tim is a founding Director of Revere Bank, Laurel MD. He is also a Managing Director for Team Capital Bank in Bethlehem, PA. Previously, Tim was the Executive Vice President and Chief Financial Officer for Holiday Hair, Inc., a privately owned chain of 150+ hair salons in the Middle Atlantic States. Tim was a Director of Lafayette Ambassador Bank in Easton PA and serves in active leadership roles with numerous civic organizations.

When not spending time with his wife, Lesley, and daughter, Michaela, Tim can often be found sampling a Côtes du Rhône at his favorite restaurants.

Wine Saver PRO's corporate offices are located at the Fourth Street Corporate Center, 405 West Linden Street, Allentown, PA 18102. Visit www.winesaverpro.com.
